

200mm Injection Insulated Long Nose Plier

Basic data:

ID	0008350002
GTIN	7630268400637

Features:

Each tool is tested to a voltage of 10,000V and certified to 1,000V. Each Insulated tool has passed 2 times 10,000VAC test to ensure safety, obtained GS/VDE certificate. Insulated Pliers use CR-V steel with anti-burn and high-low temperature resistance. Live working permission range from -40degree to 70degree.

Technical data:

Shape:	Curved
Compression shape:	FLAT
Length:	200 mm
Jaw length:	80 mm
Weight:	180 g
Head width:	22 mm
Head height:	12 mm
Forged:	Yes
Insulated:	Yes
Isolation protection 1000 V:	Yes
With wire cutter:	Yes
Material:	Steel/Plastic
Surface protection:	Other
Handle cover:	Plastic grips
Grip design:	2-components
